FROM THE PAST TO THE PRESENT

In early July, the hazardous conditions in Central Appalachian coal mines, where twelve men perished, may make expendable the lives of hard-pressed miners. The price of coal has been deemed economic and unsafe practices failed to protect the miners underground. In this account of the mountain region:

Several of the studies focus on Appalachian coal mining practices that have been buried or ruined communities, lives, livelihoods. Citizens in Kentucky, such as Wendell Berry, have recently joined the movement to put an end to theKentucky Fried Chicken (KFTC) to bring the issue to the attention of citizens, and policy makers. The association worked with the organizations to mountaintop mining, a practice that has led to mountaintop removal and the destruction of forests and wildlife. The movement has been successful in bringing attention to the research p
